30<sup>th</sup> September 2020

Email:

Dear,

I am writing in response to your enquiry under the Freedom of Information Act 2000 (FOIA) reference FOI 200914.

You requested the following information, please also see our response below:

**I'm looking to get information on incidents that ambulance crews have been called out to involving e-scooters from July 6.**

**Are you please able to provide:**

- a breakdown of incidents crews were called to between July 6 to 6 September 2020 that referenced e-scooters**
- a breakdown of ages of the patients involved**
- how many of the incidents required hospitalisation**

Age Range	nos of incidents	Incident outcome as 'See & Convey'
0-10	0	0
,11-20	<10	0
21-30	<10	0
31-40	<10	<10
41-50	<10	<10
51-60	<10	0
61-70	<10	0
71-80	<10	<10
81-90	0	0
91-100	0	0
100+	0	0

- Please note, the words 'e-Scooter' were identified in the EMA's call notes, to identify incidents that referenced e-scooters.
- Please treat all values with caution as this may not be the reason for the call and not all cases may be identified if this has not been recorded.
- Please treat all values with caution due to inaccuracies associated with free-text fields. And not every e-scooter incident is a confirmed case.
- For the last question we have answered this as incident outcome, 'See & Convey'.
- Please note that not every incident has a patient DOB.
- Responses- defined as incidents where at least one resource has arrived on scene.

I hope you find this information of some assistance.

If for any reason you are dissatisfied with our response, kindly in the first instance contact Caroline Smart, Head of Information Governance via the following email address:
