6th April 2021

Email:

Dear,

I am writing in response to your enquiry under the Freedom of Information Act 2000 (FOIA) reference FOI 210318.

You requested the following information, please also see our response below:

Please can you confirm number incidents attended over the last 2 years

31st December 2018 to 31st December 2020

Along the stretch of road detailed below

“The section of road is called Castle Hill on the A21 Tonbridge-Pembury section, adjacent to the Non-Motorised User route, which is the bridleway on the Tunbridge Wells”

Number of incidents attended between 31st December 2018 to 31st December 2020 is <10.

- Please note that for figures that are less than 10 we are unable to provide the exact number as it may be identifiable to individuals.
- Values provided are based on a search of the location "Castle Hill" within the locations: "Tonbridge" or "Pembury".
- Please note that not all cases may be identified if this has not been recorded and not every case will be directly associated with the location e.g., a civilian related call-out on the road outside castle hill.
- Value provided are for incidents with a response.
 - Responses- defined as incidents where at least one resource has arrived on scene.
- These values will include but not limited to incidents that were: duplicates, vehicle stood down etc...

I hope you find this information of some assistance.

If for any reason you are dissatisfied with our response, kindly in the first instance contact Caroline Smart, Head of Information Governance via the following email address:

FOI@secamb.nhs.uk

Yours sincerely
