Dear,

I am writing in response to your enquiry under the Freedom of Information Act 2000 (FOIA) reference FOI 210916.

You requested the following information, please also see our response below:

How many hospital to hospital transfers have been done from Eastbourne A&E (via a 999 call) in the past 12 months.

The category of the call.

A breakdown of monthly figures split between adult (16yrs+) and paediatric (0-16yrs).

When the calls were made and when the crew arrived to pick the patient up (in terms of hours).

Do you have any statistical data about how these calls affect the level of ambulance cover to the level of crews available for other 999 calls that are made?

Please see the attached excel spreadsheet.

I hope you find this information of some assistance.

If for any reason you are dissatisfied with our response, kindly in the first instance contact Caroline Smart, Head of Information Governance via the following email address:

Yours sincerely
