Email:

Dear,

I am writing in response to your enquiry under the Freedom of Information Act 2000 (FOIA) reference FOI 220517.

You requested the following information, please also see our response below:

**I am writing a research proposal for my university course, and I was hoping to find out how many of the Ambulance Trusts across the UK still have Endotracheal Intubation as part of a Paramedics scope of practice? Can you let me know if the South East Coast Ambulance Service still has Endotracheal Intubation as part of a Paramedics scope of practice - and if not, when this was discontinued?**

Paramedics within SECAMB do have endotracheal intubation within their scope of practice, so long as they can provide evidence of initial training and ongoing competency.

I hope you find this information of some assistance.

If for any reason you are dissatisfied with our response, kindly in the first instance contact Caroline Smart, Head of Information Governance via the following email address:

[FOI@secamb.nhs.uk](mailto:FOI@secamb.nhs.uk)

Yours sincerely

**Freedom of Information Coordinator  
South East Coast Ambulance Service NHS Foundation Trust**
