Dear ,

I am writing in response to your enquiry under the Freedom of Information Act 2000 (FOIA) reference FOI 240713.

You requested the following information,

Hello, please could you provide me with a list of all examples of the routine or exploratory use of artificial intelligence (AI) you have in your services. This could include AI programmes you have as part of ambulance, emergency, nonemergency, patient transport, 111, or urgent care delivery, corporate, or administrate settings. This could be in place now, being explored, or indeed being developed through research or innovation activities - using the information commissioners office definition of AI [Definitions | ICO](#).

We do not currently use any type of AI within our trust

I hope you find this information of some assistance.

If for any reason you are dissatisfied with our response, kindly in the first instance contact Caroline Smart, Head of Information Governance via the following email address:

FOI@secamb.nhs.uk

Yours sincerely

**Freedom of Information Coordinator
South East Coast Ambulance Service NHS Foundation Trust**
