Dear

The Trust is in receipt of your Freedom of Information Act 2000 (FOIA) request, thank you. This request has been assigned the internal reference quoted above; please ensure that you quote this number in any future correspondence.

FOI Request

You asked us:

- In relation to frontline paramedic DCAs and FRVs only, does the trust provide purpose-made needles for chest decompression (e.g. PneumoFix, PneumoDart) or are paramedics expected to use a standard intravenous cannula (e.g. 14G) for this procedure?

If possible, can I also have any documents regarding the teaching/guidelines on the use of the specific device, please (if used)?

The Trust confirms it holds the information you requested.

In relation to frontline paramedic DCAs and FRVs only, the Trust does not provide purpose-made needles for chest decompression (e.g. PneumoFix, PneumoDart) and our paramedics use a standard intravenous cannula (e.g. 14G) for this procedure.
