

Colleagues, a letter re: FDP adoption that will be coming your way early next week.

This has been shared with your CIOs, today, as a heads up.

It would be helpful to know who intends to take it up and I do wonder whether this is something that we could align on to have comprehensive info from across the system and to inform the forthcoming CiC work?

A

A heads up -the anticipated formal letter to trusts about FDP adoption – likely to land on Monday
