### **FOI Request**

**Staff at Hastings are currently being consulted on about proposed works in order to carry out essential repairs/improvements for health and safety reasons, and to improve facilities for staff.**

**Please can you provide a breakdown of the estimated cost for these works, including the major works to the garage floor/logistic around that with possible temporary relocation, and the other works proposed to the internal structure/redesign of the station.**

### **Formal Response**

The Trust confirms it holds the information you have requested.

We can confirm that the project involves internal redesign of the kitchen, duty and mess room, locker room, office to improve circulation, refurbishment of St John Ambulance offices and floor strengthening works to ambulance station floor.

The contractor will undertake all necessary groundwork services/drainage connections, external works and paving, etc. i.e., to provide a 'one stop' all-inclusive package.

We cannot provide a breakdown of the estimated cost for these works as this is commercially sensitive information; we can advise the total tender submission price was £248,880.51 (excl. VAT).
