Dear ,

Thank you for your request for information, which we received on **04/06/2026**.
We have considered your request under the Freedom of Information Act 2000.
Please ensure you quote the Internal Reference number above in any future correspondence.

Your Request

Please provide a list of all vehicles currently operated, owned, leased, or otherwise used by the Ambulance Service/Trust.

For each vehicle, please provide:

- Vehicle Registration Mark (VRN)
- Make
- Model
- Vehicle role/type (for example: emergency ambulance, rapid response vehicle, HART vehicle, patient transport vehicle, officer vehicle, logistics/support vehicle, training vehicle, command/support vehicle, etc.)
- Station, depot, or normal operating location to which the vehicle is assigned

The primary purpose of this request is to obtain the vehicle registration marks of vehicles operated by the Service.

Formal Response

The Trust confirms that it holds part of the information requested. Please refer to the attached spreadsheet for the information that can be disclosed in response to your request.

Please note that the Trust does not disclose vehicle registration marks (VRNs) or vehicle location information, as this information is exempt from disclosure under section 38(1) of the Freedom of Information Act 2000, where disclosure would, or would be likely to, endanger the health and safety of any individual. The release of VRNs or vehicle location details could increase the risk of vehicles being identified, targeted or misused, which may prejudice the operational safety and security of Trust staff, vehicles and services.

In all the circumstances of the case, the Trust considers that the public interest in maintaining the exemption outweighs the public interest in disclosure.
