Dear ,

Thank you for your request for information, which we received on **28/07/2026**.
We have considered your request under the Freedom of Information Act 2000.
Please ensure you quote the Internal Reference number above in any future correspondence.

Your Request

Please could you confirm the total number of occasions on which an ambulance has been called to Crowborough Training Camp between **1 January 2025** and the date on which this request is processed.

If possible, I would appreciate the information being provided as a simple total. If the information is readily available, I would also be grateful if you could provide a breakdown by month.

Formal Response

Ambulance Callouts: The total count of incidents where an Ambulance attended the scene for the entire data range

Location: All of the data for this question is for cases where the incident Location was similar to the 'Crowborough Training Cam' or the incident location postcode was either 'TN6 3SX' or 'TN61UB'

The Trust can confirm that this information exists. However, where an output represents fewer than 5 individuals or incidents in the period requested, we have not provided exact figures. This practice is known as data blurring, which serves to

mitigate against the risk of possible re-identification of individual data subjects via data recombination (sometimes referred to as jigsawing). This risk is assessed in accordance with the Information Commissioner's Office (ICO) Anonymisation Code of Practice.

Date Range: 01/01/2025 - 28/07/2026
