

Date Range: 01/01/2024 - 31/12/2025

Count of conveyances is the number of times a patient has been conveyed to hospital. This captures multiple conveyances for the same patient.

Mental health related has been identified using the following conditions recorded during telephone triage (one condition is recorded per incident): Alcohol Related, Carbon Monoxide, Hanged Attempted, Hanging, HCP - Mental Health, JRU Police Incident, Mental Health, Section 135 (1), Section 136, Suicide

Physical illness or injury has been identified with all other conditions recorded during telephone triage.
