Dear

I am writing in response to your enquiry under the Freedom of Information Act 2000 (FOIA) reference FOI/15/01/02.

You requested the following information:

I am looking to try to find out the number of accidents where an ambulance has been called out in the last 17 years at the junction of Lyne Lane and Longcross Road, Chertsey, Surrey.

I have to advise that the information we hold only goes back as far as 2006. I have searched our records for responses to road traffic collisions (RTCs) at the junction of Lyne Lane and Longcross Road for the period from 1st April 2006 to 31st December 2014. The total number of responses made to this area is 6, the dates of these incidents is shown on the attached document. I am also including the number of responses made to RTCs in Lyne Lane and Longcross Road separately as the exact location details may not have been recorded as 'at the junction of Lyne Lane and Longcross Road'.

I hope you find this information helpful.

If, for whatever reason you are unhappy with our response, you are entitled to pursue any dissatisfaction through South East Coast Ambulance NHS Foundation Trust's (SECamb) Internal Review Procedure at:

South East Coast Ambulance Service NHS Foundation Trust
