Dear

I am writing in response to your enquiry under the Freedom of Information Act 2000 (FOIA) reference FOI/15/04/17.

You requested the following information:

Would it be possible to tell me how much the Trust spent on all private ambulance providers (not just A&E emergency transports) during the 2012-13, 2013-4 and 2014-15 financial years?

We are continuing to look at ways in which we can reduce our reliance on the use of private ambulance services and always prioritise using our own staff whenever possible. However, along with all ambulance services nationally, South East Coast Ambulance Service NHS Foundation Trust (SECAMB) does use private ambulance providers when faced with high levels of demand, when experiencing high call volume or during periods of bad weather.

We have robust governance arrangements in place for the procurement of private ambulance services. While working on our behalf any private provider will be subject to a continuous monitoring and assessment process, to ensure they are providing a high level of service.

Please see the table below which shows the total expenditure on Private Ambulance Providers for the financial years 2012/2013, 2013/2014 and 2014/2015. To show these figures in context the table also provides the total operating budget for the same financial years and the percentage of this budget used on private providers.

	2012/2013 £000's	2013/2014 £000's	2014/2015 £000's
Private Providers	8,296	13,658	14,405
Total operating expenditure	168,785	186,776	198,475
% allocation	5%	7%	7%

I hope you find this information helpful.

If, for whatever reason you are unhappy with our response, you are entitled to pursue any dissatisfaction through South East Coast Ambulance NHS Foundation Trust's (SECAMB) Internal Review Procedure at:
