Dear

I am writing in response to your enquiry under the Freedom of Information Act 2000 (FOIA) reference FOI/16/06/12.

You requested the following information:

We are a Children's Centre based in the centre of Redhill and as part of our First Aid policy would like to know where the nearest defibrillators are in case of emergency. We know there is one in the Belfry Shopping Centre and one in the Harlequin Theatre but thought it would be a good idea to have a list.

There is only one other public access defibrillator (PAD) which we can share with you at present which is shown below.

Nutfield Village Hall
Mid Street
South Nutfield
Redhill
Surrey
RH1 4JJ

It is available 24/7 as an external PAD site.

We are currently in the process of seeking permission from the owners of other PAD sites in the Redhill area, and indeed in the whole SECamb area, to share their location and availability details so this information can be provided in the public domain.

If you would care to contact us in a few months' time we would be pleased to provide the up to date situation then.

I hope you find this information helpful.

If, for whatever reason you are unhappy with our response, you are entitled to pursue any dissatisfaction through South East Coast Ambulance NHS Foundation Trust's (SECAMB) Internal Review Procedure at:
