Dear ,

I am writing in response to your enquiry under the Freedom of Information Act 2000 (FOIA) reference FOI/17/06/16

You requested the following information, please also see our response below:

Do your crews currently carry antibiotics in their vehicles for administration in potential open long bone fractures?

If so, what antibiotics do you carry?

At South East Coast Ambulance Service we use Co-Amoxiclav 1.2G injection for open limb fractures. Please note only CCP's (Critical Care Paramedics) are able to administer this.

I hope you find this information of some assistance.

If for any reason you are dissatisfied with our response, kindly in the first instance contact Caroline Smart, Information Governance Manager via the following email address:

FOI@secamb.nhs.uk

Yours sincerely

Freedom of Information Coordinator
South East Coast Ambulance Service NHS Foundation Trust
