Dear,

I am writing in response to your enquiry under the Freedom of Information Act 2000 (FOIA) reference FOI/18/01/21.

You requested the following information, please also see our response below:

**1. The average response time for Red 1 and Red 2 calls (presented separately) for Jan 1st 2015 - 31st December 2017 (or to the most recent date possible) with each year presented separately"**

Similarly, I am now aware that the categorisation for ambulance response times has changed in the past year, at different times for different services, from Red/Green to Category 1/2/3/4. Would I be able to request the average response time for Category 1 and Category 2 calls (presented separately) from the date that these categories came into use to 31st December 2017 with each year presently separately?

Please see tables below:

Year	Red 1	Red 2
2015	00:06:46	00:06:52
2016	00:07:45	00:09:32
2017	00:07:52	00:10:42

On 22nd November 2017 SECamb adopted the Ambulance Response Programme. This implements new ambulance standards and introduced a number of new call categories. The Red 1 and Red 2 categories are no longer used. For more information on ARP please visit the following website: <https://www.england.nhs.uk/urgent-emergency-care/arp/>

Please see table below following implementation of ARP 22<sup>nd</sup> November – 31<sup>st</sup> December 2017

Year	Cat 1	Cat 2
2017	00:08:31	00:18:17

**2. An inventory of ambulances used by South East Coast Ambulance Service from Jan 1st 2015 - 31st December 2017 (including vehicle model and date of purchase) with each year presented separately.**

Please see tables below:
