Dear,

I am writing in response to your enquiry under the Freedom of Information Act 2000 (FOIA) reference FOI/18/03/14.

You requested the following information, please also see our response below:

I would like please to request information under the Freedom of Informations Act 2000 with reference to your trusts policy on the asset listing including serial numbers on equipment with reference to the below points.

1 - Details of all equipment stolen over the last three years from your trust, to include if applicable serial numbers of the said equipment, description of the equipment, date of theft and if possible the circumstances of the theft. (I appreciate this may be considered manifestly inappropriate due to the potential volume of information however a formal confirmation from your trust either confirming or denying that such a list exists and that it does indeed include specifics ie serial numbers shall suffice). If you are unable to formally confirm this I am happy to pay any disbursement costs associated with the coalition of the full details.

This was clarified as medical equipment

This is exempt under Section 30 Investigations and proceedings

2 - Evidence held on file showing that you are able to match directly stolen equipment to items either retrieved and/or for the purposes of identification hold such an asset register that can be matched to said items stolen. Again a simple yes would suffice if this is indeed the case.

This was clarified as medical equipment

This is exempt under Section 30 Investigations and proceedings

If for any reason you are dissatisfied with our response, kindly in the first instance contact Caroline Smart, Information Governance Manager via the following email address:

FOI@secamb.nhs.uk

Yours sincerely

Freedom of Information Coordinator
