Email:

Dear,

I am writing in response to your enquiry under the Freedom of Information Act 2000 (FOIA) reference FOI/18/07/01.

You requested the following information, please also see our response below:

**Please can you send me the following information with regards the organisation's electronic patient care record (ePR/ePCR) system:**

We do not currently have an ePCR solution so the below questions are not applicable

**Existing Supplier: If there is more than one, please split each contract up individually**

1. Name of the supplier(s).
2. Start / End date of the contract and details of any extension clauses.
3. A copy of the contract along with all supporting Annex's or Appendices.
4. Total Contract Value in UK Pounds (£).
5. Annual Contract Spend by year in UK Pounds (£).

**Procurement:**

- 1) A copy of the Invitation to Tender used for the appointment of this supplier.
- 2) A copy of all supplier responses received including financial submissions.
- 3) A copy of the detailed scoring given to each supplier including financial score.

**Operations:**

**Hardware**

1. What physical hardware has been deployed in field, e.g. Panasonic FZ-G1, Apple iPad – Apple iPad 2
2. How many units have been deployed – 2687
3. Total number of units – As above
4. What % of the full deployment this represents – 100%
5. The field failure rate for the deployed hardware along with the top 10 reasons for failure – Less than 5% although these are usually due to accidental damage and not hardware faults
6. Details of any specific hardware category problems identified during service – None other than accidental

**Hosting**

7. **How the solution is hosted, whether by supplier or the ambulance service – N/A**
8. **Solution hosting configuration of physical / virtual servers including database servers – N/A**
9. **Details of any Disaster Recovery / Business Continuity Procedures (DR/BCP) – N/A**
10. **The number of cases completed electronically using the ePR/ePCR system including:** We do not currently have an ePCR solution so the below questions are not applicable
  1. **See and Treat – where the incident is closed by crew at the scene.**
  2. **See and Convey – where the incident is closed following conveyance to an Acute care provider.**
  3. **The % of all cases completed electronically using the ePR/ePCR system including:**
  4. **See and Treat – where the incident is closed by crew at the scene.**
  5. **See and Convey – where the incident is closed following conveyance to an Acute care provider.**

### **Integration**

6. **How does the current ePCR system interface electronically to the NHS Spine Services including Patient Demographic Search (PDS) and Summary Care Record (SCR)?** We do not currently have an ePCR solution so this question is not applicable
7. **How are smartcards implemented within the ambulance service today / what are future plans for implementation if not available yet?** At this time smartcards are not widely used within our Emergency Operations Centre although there are plans in place to implement their use. There are a number of areas within the Trust who use smartcards which in general terms relate to:
  - HR
  - Clinical Audit
  - 111 Service

The smartcard process is managed internally via a dedicated team who are responsible for their management and implementation
8. **How does the current ePCR system interface electronically to the NHS Acute Locations?** We do not currently have an ePCR solution so this question is not applicable
9. **How does the current ePCR system send attendance messages to patient's GPs?** We do not currently have an ePCR solution so this question is not applicable

### **Organisation**

10. **Contact details (Name, Email, Telephone) and which part of the organisation the system owner for the ePR/ePCR system works for.**

We do not currently have an ePCR solution so this question is not applicable

11. **ePR/ePCR Budget 2018/2019.**

12. **ePR/ePCR Budget 2019/2020**

13. **Please can you send me the following information with regards the organisation's Computer Aided Dispatch (CAD) / Command and Control System:**
