Dear,

I am writing in response to your enquiry under the Freedom of Information Act 2000 (FOIA) reference FOI/18/07/26.

You requested the following information, please also see our response below:

**Can you please forward a copy of any forms used by Ambulance Crews in the screening of Sepsis in the pre-hospital environment?**

**Can you also forward on any pocket guides or aide memoirs issued to staff regarding Sepsis**

Please find attached the current form which is used across the region and is supported by the AHSN Patient Safety Collaborative for sepsis (now known as the Deteriorating Patient Group). Please be advised that this will soon be withdrawn in favour of a more up to date version which follows the UK Sepsis Trust guidance more closely.

All operational staff have access to JRCALC Plus on their personal issued iPads, and therefore access to JRCALC guidance on Sepsis.

I hope you find this information of some assistance.

If for any reason you are dissatisfied with our response, kindly in the first instance contact Caroline Smart, Information Governance Lead via the following email address:

Yours sincerely
