DCA = Double Crewed Ambulance

SRV = Single Response Vehicle (car)

HART = Hazardous Area Response

Other = relates to non-operational vehicles e.g. workshop vehicles, IT vehicles

We do not have specific breakdown logs for each vehicle, however there were 14193 jobs carried out on the above vehicles and these would be a mixture of service and defect/breakdown repair work.

Please note those with nil running costs relate to new vehicles which haven't incurred any repair work within the last financial year.

I hope you find this information of some assistance.

If for any reason you are dissatisfied with our response, kindly in the first instance contact Caroline Smart, Information Governance Lead via the following email address:
