Dear,

I am writing in response to your enquiry under the Freedom of Information Act 2000 (FOIA) reference FOI/18/12/23.

You requested the following information, please also see our response below:

The questions below are designed to help me better understand the scale and scope of requests for information sharing arrangements being made of individual NHS trusts and their constituent hospitals by research organisations and businesses over the duration of the past 3 financial years.

Specifically, I would like to ask your NHS trust about any requests to use or access data for commercial or research purposes of which, it is/has been a controller, joint controller or controller in common, in the financial years 2015-16, 2016-17 and 2017-18 as follows:

- **the number of requests made in each of the financial years 2015-16, 2016-17 and 2017-18;**
None
- **the percentage of requests that have been accepted, rejected or held pending in each of the financial years 2015-16, 2016-17 and 2017-18;**
N/A
- **a breakdown of the form, size and sector type of the entities that made the requests in each of the financial years 2015-16, 2016-17 and 2017-18; and**
N/A
- **a breakdown of the form, size and sector type of the entities whose requests were successful in each of the financial years 2015-16, 2016-17 and 2017-18; and**
N/A
- **a percentage of those successful requests which resulted in the trust, or its constituent hospitals, entering into a commercial or financial relationship with the requestor or its affiliates in each of the financial years 2015-16, 2016-17 and 2017-18.**
N/A
- **Notwithstanding the above, can the trust confirm whether it, or one of its constituent hospitals, has entered into a commercial or financial relationship with any of the**

following entities as a result of the requests made in each of the financial years 2015-16, 2016-17 and 2017-18? Google; DeepMind; Sensyne Health; Benevolent AI; Orion Health; IBM;

SECamb do not have a financial relationship with any of the organisations listed. For information on hospitals within our area you will need to ask them directly.

- **can the trust supply a copy of the trust's intellectual policy document/s, if any covering the period 2015-present?**

We don't have an IP Policy or Procedure but this is covered in our Declarations of Interests Policy and Procedure (attached) under section 3.13

I hope you find this information of some assistance.

If for any reason you are dissatisfied with our response, kindly in the first instance contact Caroline Smart, Information Governance Lead via the following email address:
