Email: foi@secamb.nhs.uk

Email:

Dear,

I am writing in response to your enquiry under the Freedom of Information Act 2000 (FOIA) reference FOI/18/12/20.

You requested the following information, please also see our response below:

how long the SRV stays on scene after a DCA has arrived. If possible this would be useful for all jobs where this is the case excluding grade 1 back up/ cat 1 jobs and over the most recent 12 months you have available please

The average time that an SRV stayed on scene after the arrival of a DCA is 34minutes and 5 seconds.

This information has been obtained for Category 2, 3 & 4 calls from 1st December 2017 – 30th November 2018 and excluding grade 1 backups.

I hope you find this information of some assistance.

If for any reason you are dissatisfied with our response, kindly in the first instance contact Caroline Smart, Information Governance Lead via the following email address:

FOI@secamb.nhs.uk

Yours sincerely

Freedom of Information Coordinator
South East Coast Ambulance Service NHS Foundation Trust
