4th February 2020

Email:

Dear,

I am writing in response to your enquiry under the Freedom of Information Act 2000 (FOIA) reference FOI 20/01/27.

You requested the following information, please also see our response below:

Can we have all and everything, meeting notes, plans, job Descriptions, email communication between any and everyone to do with the subject of nurses working on front line ambulance with in Secamb

To answer this question would require in excess of the time limit allowed for an FOI request so is not able to be actioned

Can we have the date that Ruth May was booked and accepted to attend Secamb to launch this project

Dr Ruth May has not been booked to launch this project, she is attending to launch a wider trust nursing strategy consultation

Can we have the EIA QIA risk etc for this proposal

The QIA / EIA around a frontline nurse pilot are not due to be completed until the project has been approved

Can we have the notes etc from the innovations meeting where any reference and conversation occurred on this topic

See point one re time element

Can we have the board papers where any references to nurses on vehicles was made.

There are no board papers where this is referenced

Can we have the PGD that nurses will work to for administration of medicines

There are no PGDs at present as the pilot has not been approved

Can we have the scope of practise for the nurse responding in a DCA

This has not been finalised as the pilot has not been approved

Can we have the names of the other ambulance trusts who have attempted this model of working and the feedback fully received both positive and negative

It is not for us to comment on other trusts however we can confirm that we have visited other trusts where models of working are active

Can we have the information where we have advised our NHS trusts with in and surrounding our geographical boundaries we will be trying to employee multiple senior clinicians from their employment.

N/A no pilot has been approved

The risk assessment that we may place lives at risk from taking staff from hospitals

This is not a question so can't be answered

I hope you find this information of some assistance.

If for any reason you are dissatisfied with our response, kindly in the first instance contact Caroline Smart, Head of Information Governance via the following email address:

FOI@secamb.nhs.uk

Yours sincerely
