Dear,

I am writing in response to your enquiry under the Freedom of Information Act 2000 (FOIA) reference FOI 200505.

You requested the following information, please also see our response below:

**I am writing my dissertation about Blood Glucose Testing and would be grateful if I could find out which monitor SECAMB use on the ambulances.**

We are using two at the moment.

Nova blood glucose/ketone machine is our vehicle-based machine.  
Nipro 4Sure True Result glucose/ketone machine is in our Personal Issue Assessment Kits, this is not fully rolled out as yet.

I hope you find this information of some assistance.

If for any reason you are dissatisfied with our response, kindly in the first instance contact Caroline Smart, Head of Information Governance via the following email address:
