- We are unable to provide the date of each call-out as this would be too identifiable. We have provided the conditions that were recorded by the call-handler when an ambulance was dispatched.
Please note that these conditions may not always be what was present when crew arrived at scene.
- Please note that "Grand Parade" and "Brighton" or 'BN2 9JA', 'BN2 9QB' were used to identify incidents to the location requested. Not every incident will be

directly associated with the specified location. e.g. "an incident across the road from the Grand Parade" or "an incident nearby the Grand Parade".

- Values provided are up to and including 31st May 2020.

I hope you find this information of some assistance.

If for any reason you are dissatisfied with our response, kindly in the first instance contact Caroline Smart, Head of Information Governance via the following email address:
